

Risk Assessment	Live 9 Events Ltd
Activity	Trampoline Trailer

Assessor	Molly Huthwaite	Location of Assessment	NG12 3UL
-----------------	-----------------	-------------------------------	----------

Risk Rating Matrix (RR)	Likelihood (L)		
	Certain or near certain to occur (High)	Reasonably likely to occur (Medium)	Unlikely to occur (Low)
Fatality; major injury or illness causing long term disability (High)	HIGH (H)	HIGH (H)	MEDIUM (M)
Injury or illness causing short term disability (Medium)	HIGH (H)	MEDIUM (M)	LOW (L)
Other Injury or illness (Low)	MEDIUM (M)	LOW (L)	LOW (L)

Hazards	Who is at risk?	Controls in place	L	S	RR
Loading, handling and transportation of equipment (Injuries caused by: heavy lifting, unacceptable access)	<ul style="list-style-type: none"> Customers Public Employees/Staff 	<ul style="list-style-type: none"> All equipment must be handled correctly in line with manual handling. Only our staff should move the equipment. Manual handling should be reduced to a minimum by using the trolleys. Ramps & lifts to be used where required and available. All loads must be properly secured. Where required, multiple persons must handle equipment. Individuals should not undertake anything that puts themselves or anyone else at risk. Manual handling training is supplied to all staff annually. Under no circumstances shall anyone but our staff transport equipment. 	L	H	Medium
Installation of equipment on site (Injury caused by: debris, tripping over equipment, related injury)	<ul style="list-style-type: none"> Customers Public Employees/Staff 	<ul style="list-style-type: none"> The operator must have clear access to the setup area. The setup area must be level and free from any rubbish, debris and sharp objects, etc. The equipment must be inspected before, during and after installation to ensure it is free from damage. Once installed, the item should not be moved by any unauthorised persons. The equipment should be set up away from any entrances or exits, ensuring it does not block any fire exits. Always follow the manufacturer's instructions for setup and break down. Any spare equipment must be tidied away and put in a safe place. 	L	M	Low

Equipment instability (movement/lifting)	<ul style="list-style-type: none"> • Customers 	<ul style="list-style-type: none"> • All anchor points used and checked. • Equipment secured with stakes or ballast in line with guidelines. 	L	H	Medium
Operation of equipment on site (Injuries caused by: overcrowding of the area, lack of supervision, not following operating rules)	<ul style="list-style-type: none"> • Customers • Public • Employees/Staff 	<ul style="list-style-type: none"> • Equipment must be operated by trained staff at all times. • Participants must follow all instructions given by the operator. • A clear queue system must be maintained. • Spectators must remain clear of the activity area. • Maximum number of participants must not be exceeded. • Participants must use the equipment one per bed unless otherwise instructed. 	L	H	Medium
Injury through incorrect set up (Injury caused by: positioning, insufficient anchorage)	<ul style="list-style-type: none"> • Customers • Public • Employees/Staff 	<ul style="list-style-type: none"> • Equipment to be set up by trained staff only. • Once all items are set up a walk-around of the item is conducted by the staff member. • Equipment is to be set up by trained staff only, all staff are monitored by a manager for a 6-month period before being left unsupervised. All staff attend an in-house annual training course. 	L	H	Medium
Weather	<ul style="list-style-type: none"> • Customers • Public • Employees/Staff 	<ul style="list-style-type: none"> • Equipment must not be used in wet or adverse weather conditions. • Activity must stop if surfaces become slippery. 	L	H	Medium
Overcrowding	<ul style="list-style-type: none"> • Customers • Public 	<ul style="list-style-type: none"> • Number of participants must be controlled at all times. • Only permitted number of users allowed on the trampolines. • Spectators must remain clear of the activity area. 	L	M	Low
Injury through equipment defect (Injuries caused by: equipment integrity)	<ul style="list-style-type: none"> • Customers • Public • Employees/Staff 	<ul style="list-style-type: none"> • All electrical equipment is inspected and PAT every 6 months. • All equipment has a visual inspection on set up and pack down, any dangerous defects are reported to the operator and equipment is taken out of action until required remedial works have been carried out. 	L	M	Low
Slips, Trips & Falls (Injuries caused by slippery floor, cabling or activity)	<ul style="list-style-type: none"> • Customers • Public • Employees/Staff 	<ul style="list-style-type: none"> • Area around the equipment must be kept clear of obstructions. • Participants must take care when entering and exiting the activity. 	L	M	Low
Falling / improper landing	<ul style="list-style-type: none"> • Customers • Public • Employees/Staff 	<ul style="list-style-type: none"> • Participants must follow correct jumping techniques at all times. • Flips, somersaults or unsafe manoeuvres are not permitted. • Operator must monitor participants and stop activity if unsafe behaviour is observed. 	M	M	Medium

Neck / back injury (Injuries caused by: awkward landing, high-risk movement)	<ul style="list-style-type: none"> • Customers 	<ul style="list-style-type: none"> • Participants must not attempt high-risk movements. • Participants must use the equipment within their physical ability. 	L	H	Medium
Collision between participants (Injuries caused by: contact with others, overcrowding)	<ul style="list-style-type: none"> • Customers • Employees/Staff 	<ul style="list-style-type: none"> • Number of participants per bed must be controlled at all times. • Participants must remain aware of others. • Aggressive behaviour or bouncing into others is not permitted. 	M	M	Medium
Mounting / dismounting (Injuries caused by: trips, unstable entry/exit)	<ul style="list-style-type: none"> • Customers • Employees/Staff 	<ul style="list-style-type: none"> • Participants must enter and exit when instructed by the operator. • Only one participant per entry/exit point at a time. 	L	M	Low
Structural / equipment failure (Injuries caused by: equipment integrity, component failure)	<ul style="list-style-type: none"> • Customers • Public • Employees/Staff 	<ul style="list-style-type: none"> • Equipment must be inspected before each use. • Nets, springs and frames must be checked for defects. • Any defective equipment must be removed from use immediately. 	L	H	Medium
Loose items (Injuries caused by: impact, entanglement)	<ul style="list-style-type: none"> • Customers 	<ul style="list-style-type: none"> • Participants must remove shoes, jewellery and loose items before use. 	L	M	Low
Behaviour / unsuitable users (Injuries caused by: misuse, lack of control)	<ul style="list-style-type: none"> • Customers 	<ul style="list-style-type: none"> • Participants must not be under the influence of alcohol or drugs. • Operator reserves the right to refuse access. • Unsafe behaviour results in removal from the activity. 	L	H	Medium
Unsupervised use	<ul style="list-style-type: none"> • Customers 	<ul style="list-style-type: none"> • Equipment must be operated and supervised by trained staff at all times. 	L	H	Medium
